THE BARTELDES SEED CO.

LAWRENCE, KANSAS

THE BARTELDES WHOLESALE CATALOG FOR 1927

TO THE TRADE

Gardening is again gaining in popularity and it will pay you big to push this very profitable line.

Be prepared to get your share of the very good profit in selling bulk garden seeds. Barteldes Seeds come to you in Handy Cans and these do away with the necessity of expensive equipment for the retailing of bulk garden seeds.

Barteldes Seeds are advertised in national and farm papers and they are favorably known to your customers. You don't have to take your time (as you do with non-advertised seeds) to tell your customers of the quality of Barteldes Seeds. Our advertising has done this for you.

We have a full line of garden seeds, flower seeds, field seeds, bulbs, plants, nursery stock, etc., and have the most complete line of seeds in the middle west.

Send in your orders. You will find our prices right and your customers will be well pleased with the quality of Barteldes Seeds.

TERMS

Initial orders of garden seeds are billed on terms of 60 days net or 2% for cash in ten days. Overdue accounts are subject to sight draft with exchange and without notice.

Field seeds, grass seeds, onion sets, supplies and fill-in orders of garden seeds are net cash.

Barteldes Seeds are carefully tested and every precaution is taken that none but first-class seeds are sent out. It is well known that seeds of best quality may fail on account of weather conditions, improper planting or various other causes; therefore, we, the Barteldes Seed Co., give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants we send out, and we will not in any way be responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

These prices do not include charges for bags, baskets and barrels, which are extra.

We send out no seeds on commission.

EXTRA SELECTED STOCKS IN LEAD SEALED BAGS

This is of special interest to merchants who have a critical Market Gardener Trade. These gardeners are willing to pay good prices, providing they know that they are getting something extra fancy.

The packing of the seed in individual lead sealed bags builds up confidence in the seed. If you will offer these special strains to your customers you will find it an easy matter to build up a profitable trade on this line.

Increase Your Seed Profits

BY SELLING

Barteldes SOEZY Planters

(Pictured on Front Cover)

These planters will immediately appeal to your customers because they are novel, attractive, neat and practical.

Each SOEZY Planter contains one ounce of seed and each carton contains one dozen of one variety. By selling these planters you avoid the delay and expense of weighing up one ounce packages and your customers receive a neat, clean attractive package which is a dandy little planter.

We offer SOEZY Planters in the following varieties only:

SOEZY PLANTERS

BARTELDES STRINGLESS GREEN POD

BEANS

Dwarf Green Pod Varieties

BARTELDES STRINGLESS GREEN POD.....	2 bu. bag lots per lb.	Less than bag lots per lb.
	\$.16	\$.18
A new stringless bean which is about a week earlier than other varieties. Plants are bushy and erect. The pods are about 4½ inches long, bright green, oval round through cross section. The seeds are yellowish.		

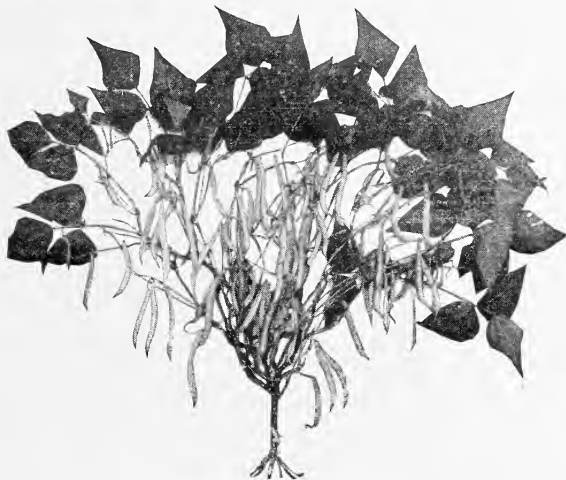

ASK FOR PRICES FOR LARGE QUANTITIES

BEANS (Continued)

Dwarf Green Pod Varieties

	2 bu. bag lots per lb.	Less than bag lots per lb.
BURPEE'S STRINGLESS GREEN POD	\$.16	\$.17
The pods are green, long, round, thick, free from strings and very meaty. This is the standard variety.		
EXTRA EARLY RED VALENTINE15	.16
An old favorite. Very prolific. Producing pods which are fine and tender when young.		
EARLY YELLOW SIX WEEKS15	.17
The pods are long, flat, and of bright green color.		
GIANT STRINGLESS GREEN POD VALENTINE		Sold Out
Similar to the Early Red Valentine, but about a week or ten days later.		
DWARF HORTICULTURAL16	.18
Pods 7 to 8 inches long, broad and rather stringy and fibrous. A fine soup bean in summer and a baking bean in winter.		
FULL MEASURE STRINGLESS15	.17

IMPROVED GOLDEN WAX

Dwarf Wax Pod Varieties

IMPROVED GOLDEN WAX18	.20
The standard dwarf wax bean. The pods are large, slightly flattened, brittle, quite stringless when young, and of fine golden color.		
DWARF BLACK WAX15	.17
One of the earliest varieties. Pods about 5 inches long, round, meaty and of good quality.		
WARDWELL'S KIDNEY WAX18	.20
Pods about 5½ to 6 inches long, flat, straight, fleshy, brittle and nearly stringless. A popular market gardeners' variety.		
PENCIL POD BLACK WAX15	.17
One of the best. Pods 6½ to 7 inches long, round, straight and crease-backed. Strictly stringless, free from fibre, fleshy and brittle.		
DAVIS WHITE WAX18	.20
Pods 6½ to 7 inches long, straight but rather stringy, and clear yellow. The seeds are white and may be used for winter beans.		
CURRIE'S RUST-PROOF BLACK WAX16	.17
Popular with market gardeners. Pods 5½ to 6 inches long, flat and straight, but has some fiber and strings. An early and hardy variety.		

ASK FOR PRICES FOR LARGE QUANTITIES

Bush Lima Beans

	2 bu. bag lots per lb.	Less than bag lots per lb.
FORDHOOK BUSH LIMA	\$.22	\$.24
Plants are about 30 inches high and bear an immense crop. The pods are 5 to 6 inches long, delicious, and mature 8 to 10 days earlier than other limas.		
BURPEE'S BUSH LIMA19	.21
Plants about 20 inches high and very broad. Pods are 4 to 5 inches long and bear large white beans.		

HENDERSON'S BUSH LIMA17	.19
A very hardy, early and sure bearing Lima. The pods and beans are small but of good quality.		

Pole Beans

BURGER'S STRINGLESS GREEN POD17	.19
Is earlier and bears for a longer time than the Kentucky Wonder. Pods are up to 8 inches long, dark green, tender and stringless.		
KENTUCKY WONDER14	.15
The standard pole bean. Very vigorous, bears an abundance of pods, which are 8 to 9 inches long and nearly round.		
WHITE CREASEBACK15	.17
Hardy, early and matures all the pods at the same time. The pods are medium size, round and fleshy.		
LAZY WIFE16	.18
Pods are broad, thick, very fleshy, and stringless. The dry beans are white and good for winter use.		
CUT SHORT OR CORN HILL15	.17
Late, hardy and quite productive. Pods are green, 3½ to 4 inches long, straight, flat and somewhat stringy.		
WHITE DUTCH CASEKNIFE16	.18
Pods 7 to 8 inches long, straight, flat and somewhat stringy, but brittle and of fair quality. Can be used as either a snap or a shell bean.		
HORTICULTURAL OR SPECKLED CRANBERRY16	.18
Hardy and productive. Pods 5 to 6 inches long, straight, flat, stringless and of good quality. Pods are green splashed with red.		

BURGER'S STRINGLESS GREEN POD

EARLY GOLDEN CLUSTER WAX17	.19
The only wax pod among the pole beans. Pods are 6½ to 7 inches long, straight, broad and flat, very fleshy, fine grained but somewhat stringy. Pods are light waxy yellow and the beans are white.		
SCARLET RUNNER18	.20
Has bright scarlet flowers and therefore used for ornamental purposes. The pods are edible.		

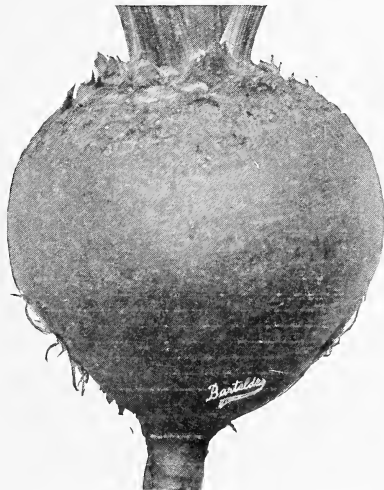

ASK FOR PRICES FOR LARGE QUANTITIES

Pole Lima Beans

LARGE WHITE LIMA	\$.18	\$.20
The standard pole lima. Pods 4 to 5 inches long and very flat. It is vigorous, productive, and matures in midseason.		
KING OF THE GARDEN LIMA18	.20
An improvement on the Large White Lima, the pods being about an inch longer, and generally contain four seeds.		
SMALL CAROLINA OR SIEVA LIMA18	.20
The beans are small like the Henderson's Bush Lima, but the plants make a large growth and produce an immense crop. It is a fine bean for winter use.		

TABLE BEETS

BARTELDES EARLY BLOOD TURNIP

TABLE BEETS

	Per pound
EARLY MODEL	\$.55
The earliest in the list. The beets are of globe shape, dark red, sweet, juicy and small.	
BARTELDES EARLY BLOOD TURNIP60
A carefully selected strain of Blood Turnip Beet. It is very early, deep blood red, smooth, and cooks sweet and crisp. Fine for forcing, for spring, main or summer crop.	
EDMOND BLOOD TURNIP50
A second early variety with round, good sized, beets of dark red color.	
EARLY BLOOD TURNIP50
One of the standard varieties. Excellent for forcing, spring or main crop. It is early, dark red, round and smooth.	
ECLIPSE50
A very early variety with small tops and round, medium sized bright red roots.	
HALF LONG RED50
A second early sort and a good keeper. Larger than the round varieties and therefore a heavier yielder.	
DETROIT DARK RED55
A fine variety for home use, market garden or for canning. Roots are medium size, globe shaped and smooth; skin dark red, flesh red and zoned with lighter shade.	
CROSBY'S EARLY EGYPTIAN60
One of the earliest and one of the best for market gardeners. Roots are of flattened globe shape, skin dark and flesh a little lighter.	

ASK FOR PRICES FOR LARGE QUANTITIES

TABLE BEETS (Continued)

	Per lb.
EXTRA EARLY EGYPTIAN	\$.50
A very early beet, with small tops and flattened roots. Skin and flesh very dark and the latter zoned with lighter rings.	
LONG BLOOD RED50
The old standard variety for table and stock feed. An excellent drought resister, color deep red, flesh very sweet. Grows entirely under the ground.	
SWISS CHARD OR FOLIAGE BEET60
Does not form a root. The leaves are used as greens and the mid-rib is served like asparagus.	

MAMMOTH LONG RED MANGEL

SUGAR BEETS AND MANGEL WURTZELS

	100 lb. lots Per lb.	Per lb.
LANE'S IMPERIAL SUGAR	\$.25	\$.30
White fleshed; skin below the ground rose color, above ground gray. A heavy yielder.		
VILMORIN'S IMPROVED SUGAR25	.30
Skin is cream color, flesh white. One of the best for making sugar.		
WHITE KLEIN WANZLEBEN SUGAR25	.30
A long slender root which grows deeply into the ground. A heavy yielder and has a high sugar content.		
GOLDEN TANKARD25	.30
Flesh yellow, sweet and nutritious. Roots almost cylindrical. Fine for stock feeding.		
MAMMOTH LONG RED MANGEL25	.30
Enormous beets yielding 30 to 50 tons to the acre. Roots are quite cylindrical, grow well above the ground, light red with white and rose colored flesh.		
GIANT HALF SUGAR MANGEL25	.30
A large mangel with the great feeding value of a sugar beet. The flesh is white, crisp and very sweet. The roots grow well above the ground.		

BROCCOLI

WHITE CAPE	2.50
Heads compact, of creamy white color and good size.	
PURPLE CAPE	2.50
Similar to the above except that the heads are brownish purple.	

BRUSSELS SPROUTS

HALF DWARF PARIS MARKET	1.50
A hardy and productive variety with stem about 2 feet high, and heads about 1½ inches in diameter.	

ASK FOR PRICES FOR LARGE QUANTITIES

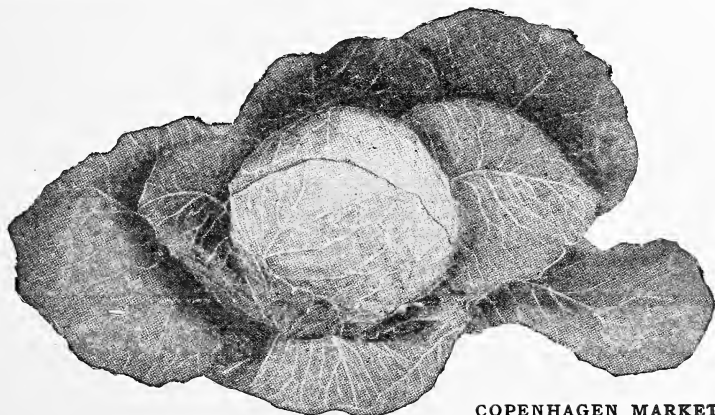

EARLY
JERSEY
WAKEFIELD

CABBAGE

	Per lb.
COPENHAGEN MARKET.....	\$2.00
Heads large, round and solid, on short stems. Almost as early as Jersey Wakefield and a very popular variety.	
EARLY JERSEY WAKEFIELD.....	1.50
The most popular of early varieties. Has broad cone-shaped heads and grows erect.	
EARLY WINNINGSTADT.....	1.50
Matures a little later than the Wakefield. Heads are large, solid, decidedly conical with bright glossy green leaves. A sure header.	
CHARLESTON WAKEFIELD.....	1.50
About a week later than Jersey Wakefield, but heads are larger.	
EXTRA EARLY COPENHAGEN MARKET.....	4.00
A select strain.	
STEIN'S EARLY FLAT DUTCH.....	1.50

ASK FOR PRICES FOR LARGE QUANTITIES

DANISH BALL HEAD

	Per lb
THE GLORY	\$1.50
Heads large, round, solid and on short stems. A very desirable medium early variety.	
ALLHEAD EARLY	1.40
One of the earliest of the large, round, flat-head varieties. Solid, uniform in color, fine for kraut making and for late sowing.	
EARLY SUMMER	1.40
About a week to ten days later than Jersey Wakefield. Heads medium size, round, somewhat flattened, compact, solid with outer leaves spreading.	
EARLY DWARF FLAT DUTCH	1.50
A short stem, second early variety that stands hot weather.	
EARLY SPRING	1.60
Extra early with very short stems. Heads are round, flat, with few outside leaves.	
LATE PREMIUM FLAT DUTCH	1.40
One of the standard varieties for market use. Heads are round, flattened, large and very firm. Has a medium stem and is hardy.	
LATE LARGE DRUMHEAD	1.40
Heads are dark green, large, flat and solid. Matures late and used extensively for pickling.	
THE DANISH BALLHEAD	1.75
Heads are perfectly round, extremely solid, fine grained, bear shipping well and will keep far into the spring. Requires a full season to mature.	
SUREHEAD	1.50
Produces large, round, flattened heads of the Flat Dutch type.	
ALL SEASONS	1.40
Can be used as either a late or early crop. Heads are large, round and very deep. An excellent keeper.	
ST. LOUIS LATE MARKET	1.50
Popular with the kraut-makers. Heads are large, white and seldom burst. Stems medium.	
DANISH ROUNDHEAD OR SHORT STEM BALLHEAD	1.75
DANISH STONEHEAD	3.00
Heads about 8 inches in diameter, solid and of very dark purple color. The best keeper among red cabbages.	
MAMMOTH RED ROCK	2.00
Heads are large, round, very solid and of deep red color.	
DRUMHEAD SAVOY	1.60
Leaves are crimped or curled; heads are large, round, solid and mature late.	
CHINESE OR PE TSAI	3.00
A distinct type used for salads	

ASK FOR PRICES FOR LARGE QUANTITIES

**CHANTENAY
CARROTS**

	Per lb.
EARLY SCARLET HORN	\$.65
Very early, with small tops and blunt roots.	
OXHEART OR GUERANDE60
Roots are stout and thick, ending abruptly in a small tap root. Mature roots are 4 to 5 inches long, bright orange color.	
DANVER'S HALF LONG60
One of the best. A smooth carrot of uniform shape. Roots 6 to 8 inches long and tapering.	
CHANTENAY OR MODEL65
A medium early smooth carrot of deep orange-red color. Roots stump rooted and about 6 inches long.	
IMPROVED LONG ORANGE50
Good for table use or stock feeding. Roots 10 to 12 inches long, broad at top and tapering to a point.	
LARGE WHITE BELGIAN50
For stock feeding. Roots about 16 inches long, thick, white under ground and green above.	
LARGE YELLOW BELGIAN50
Similar to the white except that the roots are light orange below the surface and green above.	

ASK FOR PRICES FOR LARGE QUANTITIES

GOLDEN SELF BLANCHING

CELERY

Per lb.

GOLDEN SELF BLANCHING	American grown \$ 3 00
The best early American grown variety. Plants stocky, stalks solid, fine flavor and very easily blanched.	
GIANT PASCAL	French grown 12.00
Vigorous, productive and excellent for winter use. Leaves are upright, short and dark green; stalks are short, thick and very broad.	
WHITE PLUME	1.75
Very early and easily blanched to a silvery-white color.	
CELERICAC OR TURNIP ROOTED	2.00
Grown for the roots, which are turnip shaped.	

BARTELDES SEED CANS

Please do not overlook the fact that we can pack your bulk seeds in seed cans without extra cost to you. If you will try our plan one season you will never go back to the old messy way.

ASK FOR PRICES FOR LARGE QUANTITIES

SWEET CORN

	2 bu. bag lots per lb.	Smal- ler lots per lb.
EARLY MALCOM	\$.14	\$.15
The earliest sweet corn we have ever offered. Ears rather small, kernels white and of fine flavor.		
GOLDEN BANTAM13	.15
A most delicious corn. Very early, of golden color, and small ears. Always a good demand for Golden Bantam.		
EXTRA EARLY ADAMS10	.11
An extremely early field corn which is used for sweet corn. Will stand very early planting.		
HOWLING MOB11	.13
A second early and very productive variety with large ears. Ears 9 to 10 inches long.		
EARLY MINNESOTA12	.13
Ears 8 inches long, 8-rowed, kernels very broad, sweet and tender.		
EARLY EVERGREEN14	.16
A selection from Stowell's Evergreen. A few days earlier than the Stowell's and ears somewhat smaller. A very valuable variety.		
STOWELL'S EVERGREEN14	.16
The standard variety. Ears 8 to 9 inches long, with 16 to 18 rows of deep, sweet grains.		
COUNTRY GENTLEMEN (SHOE PEG)16	.18
A very fine variety. Ears large, kernels small but deep and without any row formation. It matures late.		

BARTELDES SWEET CORN

is grown by the very best growers in the Middle-West. Your customers will be pleased with the quality.

STOWELL'S
EVERGREEN

POP CORN

We have at all times a large stock of White Rice, Queen's Golden and Japanese Hulled Pop Corn.

See Our Yellow List For Prices.

ASK FOR PRICES FOR LARGE QUANTITIES

BARTELDES DANISH DRY WEATHER

CAULIFLOWER

	Per oz.
EARLY DANSIH SNOWBALL	\$1.50
Especially popular with the market gardeners. The plant is dwarf, the outer leaves erect, while the inner ones protect the head. The quality is excellent.	
EXTRA EARLY DWARF ERFURT	1.25
The heads are of good size, solid, white and of fine quality. Can be marketed early.	
BARTELDES DANISH DRY WEATHER	1.80
A splendid variety for the west, as it stands hot, dry weather. It matures later than the Snowball, producing large, pure white heads of excellent quality. Our seed is selected in Denmark.	
EARLY PARIS80
An early, sure-heading variety. Heads are rather small but form quickly on long stems.	

CHICORY

	Per pound
LARGE ROOTED OR COFFEE	1.25
The roots are dried and used as a substitute for coffee.	
WITLOOF (FRENCH ENDIVE)	1.50
The plants form long roots which are forced in frames or greenhouses and the lettuce-like leaves are then used as a salad.	

COLLARDS

GEORGIA OR CREOLE65
Plants grow to be 2 feet high, forming a cluster of tender leaves at the top. These leaves are used as green in the South and west.	

CHIVES

CHIVES	4.00
Resemble small onions and are used in soups.	

CORN SALAD

LARGE BROAD LEAVES	1.50
Used as a small salad throughout winter and spring.	

CRESS

CURLED OR PEPPER GRASS40
Small, curled plants used as a salad.	
TRUE WATER CRESS	5.00
Thrives only when roots and stems are submerged in water.	

ASK FOR PRICES FOR LARGE QUANTITIES

THE BARTELDES CUCUMBER

CUCUMBERS

Per lb

THE BARTELDES CUCUMBER..... \$2.00

In the Barteldes Cucumber we offer the ideal cucumber for the shipper and the home gardener. The cucumbers are from 8 to 12 inches long, of a very dark green color which does not fade in shipping. This is of greatest importance to the grower and shipper who want their cucumbers to be attractive when they reach the market.

The flesh of the Barteldes Cucumber is firm, white, thick and with but few seeds. The Barteldes Cucumber is in high favor with the producers and shippers which is the best proof of its merit.

The Barteldes Seed Co.,
Lawrence, Kans.

Dear Sirs:

Enclosed find a picture of a group of cucumbers raised this year from your Barteldes Cucumber seed. The largest one in the group weighs 3 1/4 lbs., 12 7/8 inches long and 1 1/8 inches around.

A real beauty and a very dark emerald green. They really are the finest cucumbers I have ever seen because of their small seed cavity and very solid flesh.

For dill pickles they are great. Where can I get seed for next year. I want no other kind of cucumber.

Yours very truly,

Mrs. E. L. McAuley

The Barteldes Seed Co.,
Lawrence, Kans.

Gentlemen:

There could have been no more appropriate front cover for your catalog than "Barteldes Cucumber." I found it the Best in every way I ever grew.

In the awful drouth we had last summer (1925) the row of cucumbers stood green and no matter how large they grew they were fine. I never want to grow any other for these I call perfect—small or large.

Yours truly,

Mrs. Graves

DAVIS PERFECT..... .95
11 1/2 by 2 inches. One of the best of the White Spine types. The fruits are long, smooth, tapering at both ends, with crisp, solid flesh.

EARLY FORTUNE..... .75
9 by 2 1/2 inches. The finest type of White Spine. Fruits are slightly tapering, flesh white, firm, crisp and with few seeds. Color, rich, dark green.

IMPROVED LONG GREEN..... 1.00
12 by 2 1/2 inches. Slender, more or less warted, tapering towards the stem end; color, dark green, flesh white and firm. Matures late.

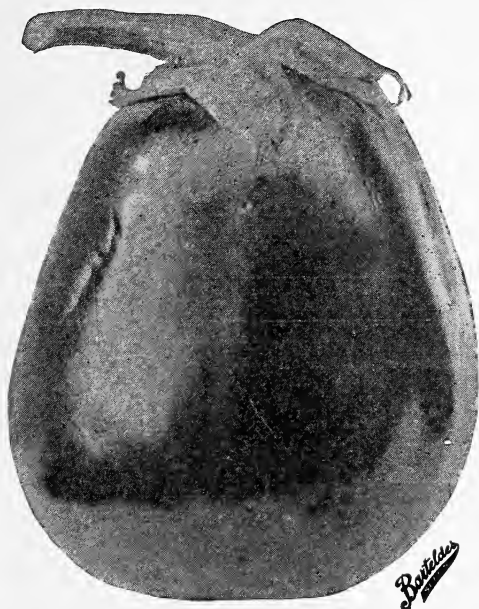

ASK FOR PRICES FOR LARGE QUANTITIES

EARLY WHITE SPINE

	Per lb
EARLY RUSSIAN.....	\$0.75
5½ by 2 inches. One of the earliest. Similar to Early Frame, but smaller and shorter.	
EARLY GREEN CLUSTER.....	.70
5 by 2¼ inches. Early, fruit chunky, small, and borne in clusters in the center of the plant; light green in color.	
EARLY WHITE SPINE.....	.75
7 by 2¼ inches. A short, rather three-cornered cucumber; very productive and fine for slicing or pickles.	
EXTRA LONG WHITE SPINE.....	.75
10 by 2¼ inches. Fruits cylindrical, long, dark green in color and mature in mid-season.	
EVERBEARING.....	.75
5¼ by 2 inches. Similar in appearance to Early Frame but not quite so thick. A main crop variety and a fair pickler.	
ARLINGTON WHITE SPINE.....	.75
7¼ by 2¼ inches. Fruits are rounding at both ends, of bright, deep green color and producing early and in great abundance.	
CHICAGO OR WESTERFIELD PICKLING.....	.70
by 2¼ inches. A dandy pickling variety. Fruits are uniform and produced in good quantities.	
BOSTON PICKLING.....	.70
6¼ by 2½ inches. Fruits are short, smooth, symmetrical and excellent for pickles.	
JAPANESE CLIMBING.....	1.50
10 inches long. A climbing variety very useful for covering fences and trellises.	
WEST INDIA GHERKIN.....	1.50
2 by 1¼ inches. Fruits very small and covered with spines. For pickles only.	

ASK FOR PRICES FOR LARGE QUANTITIES

NEW YORK IMPROVED EGG PLANT

EGG PLANT

	Per lb.
BLACK BEAUTY	\$3.75
The earliest large fruited variety. Fruits dark purple.	
NEW YORK ROUND PURPLE	3.75
The standard market variety. Plants are large and spreading, and produce four to six large oval fruits.	
EARLY LONG PURPLE	3.75
Fruits are club-shaped; 6 to 8 inches long, rich purple and of fine quality.	

ENDIVE

GREEN CURLED75
Leaves are bright, deep green and blanch very easily. Hardy and vigorous.	
BROAD LEAVED BATAVIAN75
Leaves are upright, broad, more or less twisted, bright deep green. Inner leaves form a head which blanches readily.	

GARLIC

GARLIC SETS OR BULBS30
-----------------------------------	-----

KALE OR BORECOLE

DWARF GERMAN GREEN65
Sown in the spring for greens. Hardy, prolific, and with a flavor similar to cabbage.	
TALL GREEN CURLED OR SCOTCH75
Plants are two to three feet tall, bearing long, plume-like, light green leaves.	

KOHL-RABI

EARLY WHITE VIENNA	1.00
Very early, with small tops; bulbs medium size, very light green or white and of fine quality.	
EARLY PURPLE VIENNA	1.00
Similar to the White Vienna except that the bulbs are purple, but with white flesh.	

ASK FOR PRICES FOR LARGE QUANTITIES

LEEK

LARGE LONDON FLAG..... Per lb. **\$1.50**
 The standard variety, early and productive.

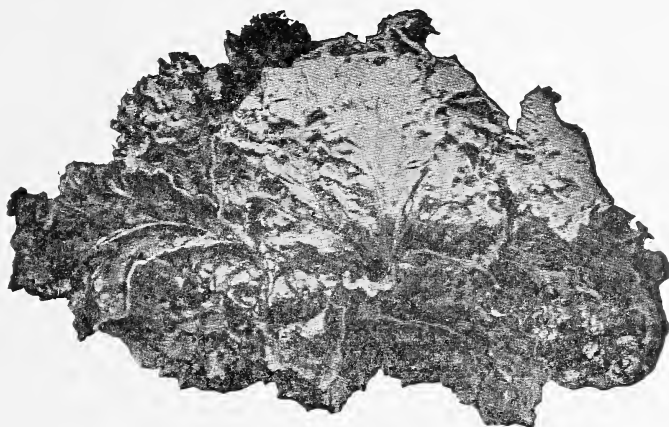

LETTUCE

NEW YORK, WONDERFUL OR MOUNTAIN ICEBERG

- BLACK SEEDED SIMPSON (Black Seed)**..... .75
 A large, early, loose-heading variety which is always reliable. Leaves are very broad, blistered, crumpled and frilled on the edges; color light green; quality excellent.
- EARLY CURLED SIMPSON (White Seed)**..... .75
 A popular early loose-heading variety of medium size; leaves broad, crumpled, and frilled at the edges; color light green; quality good.
- EARLY CURLED SILESIAN (White Seed)**..... .75
 A medium size, loose-heading variety. Has crisp leaves and is very similar to Early Curled Simpson.
- EARLY PRIZEHEAD (White Seed)**..... .80
 One of the most popular of loose-leaved varieties. Leaves are crumpled and frilled at the borders; color is green, with light brown borders.
- NEW YORK, WONDERFUL OR MOUNTAIN ICEBERG (White Seed)**..... 1.75
 Without question the most popular of head lettuces. Heads are very large, wonderfully solid, crisp, tender and free from bitterness. Heads are of attractive dark green color and often weigh two pounds. Also called Los Angeles and Mountain Iceberg. We can furnish one and two year old lettuce seed. Ask for prices and state quantity desired.

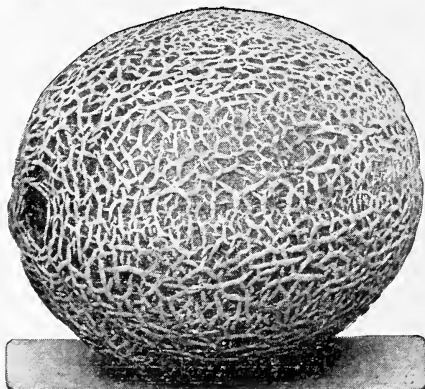

ASK FOR PRICES FOR LARGE QUANTITIES

HANSON'S LETTUCE

	Per lb
BIG BOSTON (White Seed)	\$0.85
Head large and compact; leaves broad, quite smooth but wavy at the edges; color light green, slightly tinged with brown; heart greenish-white, tinged with yellow. Good for out doors and cold frames.	
MAY KING (White Seed)	1.00
Small, early, with compact heads. Leaves light yellowish-green with reddish-brown edges; heart blanches to a rich golden yellow. Fine quality.	
GRAND RAPIDS (Black Seed)80
A popular loose-leaved forcing variety which does well in the North for early outdoor planting. Leaves are short, blistered and crumpled; color very light green with no trace of brown.	
BARTELDES DENVER MARKET (White Seed)90
Introduced by us. Fine for forcing or open ground. Heads are of oval shape; leaves short, blistered, crumpled and frilled on the edges; color light green.	
HANSON'S (White Seed)90
A reliable header. Matures late; heads large; leaves large and broad, somewhat blistered and crumpled, with frilled borders; color light green; quality good.	
MIGNONETTE (Black Seed)	1.25
A small, early, crisp head lettuce. Plants are compact, with hard, round, well-blanching heads of medium brown color, with dark greenish tinge. Quality good.	
CALIFORNIA CREAM BUTTER (Black Seed)90
Forms large, round, firm heads. Leaves are broad, blistered, crumpled and thick; color dark, glossy green, lightly tinged with brown. Heads blanch to a beautiful golden yellow. Quality fine.	
ICEBERG (White Seed)90
A late heading variety. Heads are firm, hard and well blanching; leaves crisp, very broad, quite blistered and crumpled, with frilled borders; color medium green, with touch of brown; quality good.	
PARIS WHITE COS (White Seed)90
A distinct type. Has long, smooth, upright leaves, which blanch nicely when tied up; color medium green; quality fine.	

ASK FOR PRICES FOR LARGE QUANTITIES

ROCKY-FORD
MUSK MELONS AND CANTALOUPE
Green Fleshed Varieties

	Per lb.
EXTRA SELECT POLLOCK 10-25	\$1.00
A pure strain of high-bred, reselected, hand-cut Rocky Ford Melon. Selected for uniform size, deep flesh, small seed cavity and heavy netting on surface. We can recommend this as the very best type of Rocky Ford.	
ROCKY FORD60
The standard cantaloupe. Melons are small, almost round, smooth, showing no ribs and densely covered with a heavy, hardy gray netting; flesh thick and deep green, showing a tinge of gold at the center. A dandy shipper.	
NETTED NUTMEG75
Small, very early; melons round, flattened at the ends uniform in shape, slightly ribbed and finely netted; flesh bright green and sweet.	
MONTREAL MARKET75
A large musk melon weighing up to 18 and 20 pounds. Melons are round, flattened at both ends, medium green, deeply ribbed and netted flesh very thick and of good quality.	
NETTED GEM75
A fine, small melon. Fruits rather oval shaped, dark green, distinctly ribbed and thickly netted; flesh light green and of fine quality.	

HONEY-DEW

HONEY DEW85
Of the Casaba type. Melons are about ten inches long and not quite round; surface very smooth, hard and without netting creamy white in color; flesh light emerald green, very thick, tender, and with a distinct, extremely sweet flavor. A good shipper.	
EXTRA SELECT HONEY DEW	1.25

ASK FOR PRICES FOR LARGE QUANTITIES

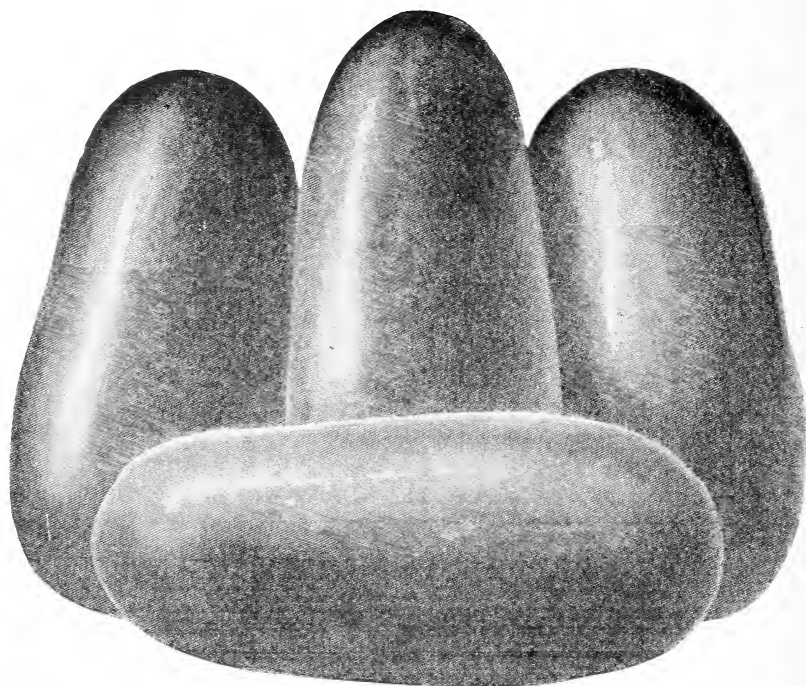

HACKENSACK

HACKENSACK OR TURK'S CAP.	Per lb. \$.75
Melons are round, large, flattened at the ends, deeply and irregularly ribbed, coarsely and heavily netted; flesh thick, green and of good quality.	
EXTRA EARLY HACKENSACK.75
An early type of Hackensack. Somewhat smaller, but a week to ten days earlier.	

Yellow Fleshed Varieties

BURRELL'S GEM.65
One of the most popular market melons. Melons are oblong, not deeply ribbed, well netted and about 4½ to 6 inches long. Flesh very deep, with an exceedingly small seed cavity. Flesh deep salmon and of excellent flavor.	
EXTRA SELECT BURRELL'S GEM.	1.00
OSAGE OR MILLER'S CREAM.75
A main crop, rather large oval melon. Melons are dark green, slightly ribbed, and lightly netted; flesh rich orange salmon, exceedingly thick, with a small seed cavity.	
EMERALD GEM.75
A very early variety. Melons are dark green, round, slightly flattened, irregularly but distinctly ribbed and lightly netted; flesh thick, sweet and of deep salmon color.	
PEACH OR GARDEN LEMON.	1.00
A distinct type. Melons are about the size of a large peach, oval-shaped and of bright orange-yellow color. Used for sweet pickles and preserves.	
BANANA MELON.80
About two feet long and shaped like a banana. The flesh is of a rich salmon color and has a delicious flavor.	

ASK FOR PRICES FOR LARGE QUANTITIES

TOM WATSON WATERMELONS

	Per lb.
TOM WATSON	\$.40
The most popular market melon. Melons are large, long, medium green, with tracings of darker green; flesh rich and of good quality. One of the best shippers. Seeds brown.	
HALBERT HONEY50
A large oblong melon with very dark green skin, showing a faint longitudinal tracing; medium early with crimson and very sweet flesh. Seeds white.	
ALABAMA SWEET45
Medium early, oblong and of large size. Skin medium green, irregularly striped with dark green, flesh bright red, tender and sweet. Has a tough rind. Seeds white.	
KLECKLEY SWEETS50
Melons are medium to large in size, medium early, very sweet, and of oblong shape, tapering slightly towards the ends; rind dark green; flesh bright red, ripening nearly to the rind; not a good shipper. Seeds white.	
IMPROVED KLECKLEY SWEETS60
GYPSY OR RATTLESNAKE45
A large oblong melon with very distinct stripes of pale, light green and mottled dark green. An attractive melon and a good shipper. Seeds white.	
CUBAN QUEEN40
A very large melon of round to slightly oblong shape. Rind attractively striped with light and dark green. Meat bright red, solid and sweet. A good shipper. Seeds black.	
DIXIE45
A medium early, large handsome melon of oblong shape. Rind dark green, beautifully striped with light green; flesh bright red and of good quality; a fair shipper. Seeds black

IRISH GRAY

	Per lb \$.50
IRISH GRAY	
A new variety which has become wonderfully popular in a short time. Melons are long, rind a mottled very light green, flesh very firm, free from strings, crisp and sweet; shell hard and tough, making it a fine shipper. Seeds brown.	
FLORIDA FAVORITE45
Oblong in shape and of fair to large size; rind light green, with irregular stripes of darker green. Rather early and of excellent quality. Seeds white.	
ICING OR ICE RIND (Light)45
Medium early and of medium size. Rind very light green, slightly veined and marked with darker green; flesh bright red. Seeds white.	
ICE CREAM OR PEERLESS45
Very early and therefore one of the best for the North. Medium in size, oblong in shape; rind thin, light green, mottled and veined with darker green. Flesh bright red and very sweet. Seeds white.	
COLE'S EARLY50
Very early, hardy, of medium size and nearly round; rind dark green with lighter stripes; flesh deep pink and of fine quality. Seeds black.	
KOLB'S GEM45
Nearly round; rind dark green, striped with lighter shades; fair quality; large size and a good shipper. Seeds black.	
PHINNEY'S EARLY40
Medium early, oblong in shape and of medium size. Rind mottled with various shades of green. Quality good. Seeds light brown.	
CITRON50
For preserving. Rind striped and marbled with light green. Flesh white and solid. Seeds green.	
KING AND QUEEN	1.00
A winter melon. Have a very hard shell and melons will keep for 90 days if not bruised. Round, with very light colored shell and pink center. Very hardy and drought resistant. Seeds black.	
NEW WONDER	1.00

ASK FOR PRICES FOR LARGE QUANTITIES

SWEETHEART

	Per lb.
SWEETHEART	\$.40
A large, round to oval, very heavy melon. Rind light green, slightly marked with darker green, rather thick and tough. Flesh bright red and of fair quality. Medium early and a good shipper. Seeds black.	
KANSAS STOCK OR COLORADO PRESERVING60
Melons are of large size, weighing as much as 60 to 70 pounds. Immensely productive. Extremely hardy, growing on almost any kind of soil, and stand dry weather. Melons are long, of dark green color, with white 'flesh' like a citron. Seeds green.	

MUSTARD

	Per lb.
SOUTHERN GIANT CURLED	\$.35
Very popular in the South. Leaves large, light green, much crumpled and frilled. Plants vigorous, hardy and upright.	
OSTRICH PLUME35
Leaves are long, ruffled and curled like an ostrich plume Very ornamental. Good as a salad and as greens.	
CHINESE40
Leaves are large, light green and crimped at the edges. Of sweetly pungent flavor.	
BLACK OR BROWN35
Leaves oblong and broad. More pungent than the white. Seed reddish-brown	
WHITE35
Leaves rather small, smooth and deeply divided. Seeds large and light yellow.	

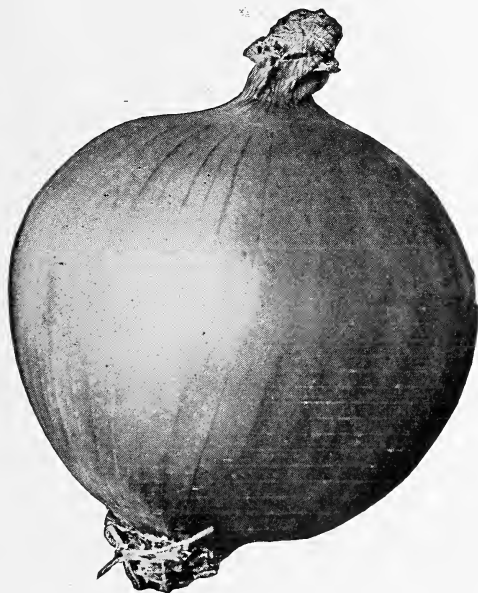

OKRA OR GUMBO

	Per lb.
WHITE VELVET	\$.40
Distinct from the other varieties in that the pods are not ridged but perfectly smooth and round. Plants are tall and pods long and of a velvety white color.	
TALL40
Grows to a height of five feet. Pods usually eight ridged and about 6 inches long.	
DWARF40
Of dwarf growth, short podded but productive.

PRIZETAKER

ONIONS

American Yellow Varieties

	Per lb.
PRIZETAKER	\$2.00
Very popular. Onions are of large size, mild, globe shaped and of light straw color.	
YELLOW GLOBE DANVERS	2.00
An excellent round onion; flesh white and of mild flavor, skin brownish-yellow; productive and a good keeper.	
FLAT YELLOW DANVERS	1.50
Similar to the Globe, except that the onions are flatter.	
AUSTRALIAN BROWN	1.60
One of the best keepers. Early, almost round, skin is quite thin and a reddish-brown color; flesh is solid, crisp and mild.	
DENIA	2.25
One of the largest onions. Nearly globe-shaped, slightly flattened, of light yellow color and very mild.	

American White Varieties

WHITE SILVERSKIN OR PORTUGAL	2.50
A large flat white onion of mild flavor. Fine for family use or immediate consumption, but not as good a keeper as the dark varieties. Used for growing onion sets.	
SOUTHPORT WHITE GLOBE	3.00
Of true globe shape, with thin, delicate skin of pure white; flesh is mild, very crisp, fine grained and snowy white.

American Red Varieties

	Per lb.
SOUTHPORT RED GLOBE	\$2.50
The finest type of red onion. The bulbs are globe-shaped with small necks and of a deep purplish-red color. A splendid keeper and matures a few days later than Red Wethersfield.	
LARGE RED WETHERSFIELD	1.75
The old standard main crop variety. Bulbs are large, rather flat and of deep red color. Very productive and good keepers.	

Imported Varieties

WHITE HARDY WINTER	2.75
To be sown in the fall and wintered over to make bunch onions early in the spring. The mature onions are excellent keepers.	
EXTRA EARLY BARLETTA	2.50
One of the earliest. A handsome, small, white pickling onion; also good for bunching.	
EARLY WHITE QUEEN	2.50
A small, flat, rapid-growing white onion. Used for pickling, bunching and sets.	
MAMMOTH SILVER KING	2.50
The largest of the white, flat varieties. Onions are extremely mild, and both skin and flesh are silvery-white in color.	
GIANT WHITE TRIPOLI	2.5
A large white flat onion of mild flavor.	
GIGANTIC GIBALTAR	2.50
A Spanish onion resembling the Prizetaker, but larger. Onions are of globe shape, with thin, light straw-colored skin; very mild.	
WHITE BERMUDA	2.50
Onions are flat, of light yellow color, and grown very extensively in the South for early market. Our seeds come direct from the Teneriffe Isles.	
CRYSTAL WHITE WAX	5.00
Also from Teneriffe and used in the South. Onions are large, pure white and flat. It is the mildest and sweetest of all onions.	
VALENCIA GRANO (Yellow)	5.00
VALENCIA BABOSA (White)	2.50

PARSLEY

Per lb

CHAMPION MOSS CURLED.....\$.50

The leaves are of dark green color, finely cut and curled. Plants are compact. The most popular variety.

PLAIN.....\$.50

The leaves are flat, deeply cut, dark green but not curled.

HAMBURG TURNIP-ROOTED.....\$.50

Grown for the roots, which resemble small, thick parsnips. Used in flavoring soups and stews.

PARSNIPS

HOLLOW-CROWN OR SUGAR.....\$.45

The standard variety. Roots smooth, tender and sugary; usually 15 inches long by 3 inches wide.

IMPROVED GUERNSEY.....\$.45

A little thicker but not quite as long as the Hollow-crown.

PEAS

Early Smooth Varieties

ALASKA.....\$0.13 \$0.15

The standard early variety. Foliage and pods light green; pods 2½ inches long, round, straight and square ended, containing 6 light green peas. Uniform in maturing. Height 2½ feet.

FIRST AND BEST.....\$.13 \$.15

Not quite as early as the Alaska. A prolific, smooth, white pea. Height 2½ feet.

Early Wrinkled Varieties

PIONEER.....Sold Out

An improved type of Laxtonian. Foliage, peas and pods are dark green; pods 3¼ inches long, pointed and well filled. Height 16 inches.

GRADUS OR PROSPERITY.....\$.16 \$.17

A popular early, large-podded variety. Foliage and pods medium green; pods 3¼ inches long, semi-round, straight, slightly curved and pointed, containing six to eight large, sweet peas. Height 2½ feet.

LAXTONIAN.....Sold Out

Similar to Gradus, but not as tall and a little earlier. Pods and vines dark green; pods 3¼ inches long, straight and pointed, containing 6 to 8 large peas. Height 1½ feet

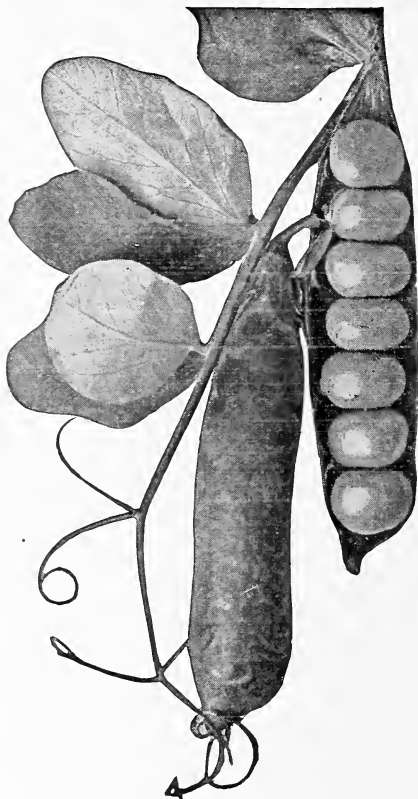

PREMIUM GEM.....\$.14 \$.16

Very popular. Hardy, prolific and uniform. Foliage dark, pods 2½ inches long, nearly straight, well filled to the ends. Of fine flavor and about a week later than American Wonder. Height 1½ feet.

LAXTONIAN

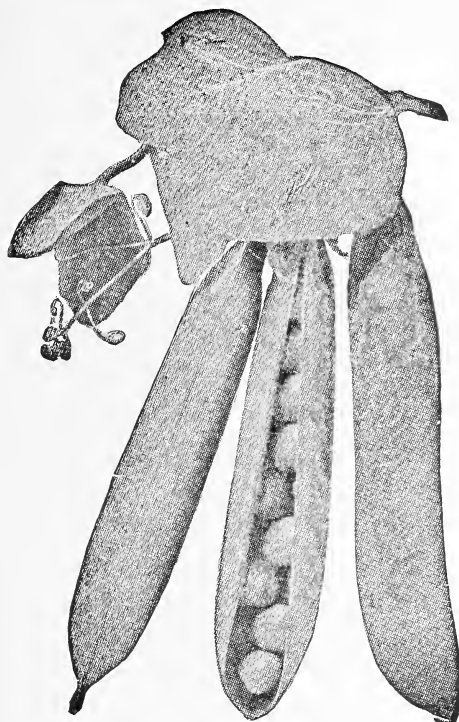

ASK FOR PRICES FOR LARGE QUANTITIES

NOTT'S EXCELSIOR

	In 2 bu. bag lots per lb.	Smal- ler quan- ties per lb.
LITTLE MARVEL	\$0.16	\$0.18
A superior dwarf sweet pea. Pods heavily set and often produced in pairs, of dark green color and well filled to the end with large peas. Pods about 3 inches long. Height 15 inches.		
NOTT'S EXCELSIOR15	.17
One of the best. Very sweet and prolific. Vines vigorous; foliage and pods light green, pods 2½ inches long, straight and round. Peas green, wrinkled, inclined to be square from packing in the pods. Height 14 inches.		
AMERICAN WONDER15	.17
Vigorous, productive, with dark green foliage and pods. Pods straight, well filled and crowded to the end, 2½ inches long. Seeds green, wrinkled and often square at the ends. Height 10 inches.		
THOMAS LAXTON16	.18
A little earlier, hardier and while the pods are smaller it is more productive than Gradus. Pods medium green, 3¼ inches long, seeds large, wrinkled, cream color, blended with pale green. Height 36 inches.		
Main Crop Varieties		
TELEPHONE16	.18
Vines and leaves large and coarse. Pods 4 inches long, nearly straight, rounded at the ends, light green in color and well filled with large tender peas, sweet and of good flavor. Seeds light green and much wrinkled. Height 42 inches.

BARTELDES RUBY GIANT PEPPER

PEPPER

	Per lb.
BARTELDES RUBY GIANT	\$3.00
One of the best we have ever grown. A cross between Ruby King and Chinese Giant and has the good qualities of both. The peppers are produced early, are of large size, bright red, and so sweet and mild that they can be eaten raw.	
SWEET SPANISH	3.00
Fruits are cone shaped, 6 inches long by 3 inches in diameter, deep red, sweet and mild.	
RUBY KING	3.00
Early and productive, with dwarf, compact, upright plants. Peppers 4 to 6 inches long and 3 to 4 inches thick, tapering, and of bright ruby-red color; flesh is thick, sweet and mild.	
GOLDEN DAWN	4.00
It resembles the Ruby King in shape, is mild and of a beautiful golden yellow color. Very attractive.	
LONG RED CAYENNE	3.00
Peppers are about 4 inches long and $\frac{3}{4}$ inch in diameter at the base, often curved and twisted, bright red, hot and pungent.	
CELESTIAL	4.00
Ornamental and edible. Bears a great number of small conical pods, which are first creamy yellow and upright, then bright red. Fine for pickling.	
CHINESE GIANT	5.50
One of the best and largest of mango peppers. Plants are short and stocky; fruits are thick, square ended, from 3 to 5 inches in diameter and length; brilliant, glossy red and very mild.	
LARGE BELL OR BULL NOSE	3.00
A standard variety. Fruits three inches long by two inches in diameter, and blunt ended; mild and sweet.	
SMALL RED CHILI	3.50
Peppers about 2 inches long and $\frac{1}{2}$ inch in diameter; red and very hot.	
LARGE RED CHILI	2.00
Peppers are 3 inches long and 1 inch thick; bright red, very hot and fiery, ripen early and used in Mexican chili.	

ASK FOR PRICES FOR LARGE QUANTITIES

SMALL SUGAR PUMPKINS

	Per lb.
SMALL SUGAR.	\$.55
Fruits small, round, flattened at the ends, slightly ribbed; skin and flesh dark orange-yellow; of fine quality.	
MAMMOTH TOURS.50
An immense pumpkin of oblong shape; skin grayish green, smooth and slightly mottled. Used principally for stock feed	
TENNESSEE SWEET POTATO.65
Early, good keeper, fine grained and of fine quality. Of medium size, bell shaped with neck slightly crooked. Skin cream color, often striped with green; flesh creamy white.	
CONNECTICUT FIELD OR BIG TOM.45
The old standard for planting among corn for pies and stock feed. Pumpkins are oblong, flattened at the ends, about 12 to 15 inches in diameter; smooth, hard, reddish-orange and ribbed.	
JAPANESE PIE.70
Ripen early, keep well, and excellent for home use. Pumpkins are of large size, shaped like the Cushaw; skin dark green with darker stripes; flesh yellow; seeds have peculiar marks like Chinese letters.	
LARGE CHEESE.45
Pumpkins are round and flattened, the diameter being two or three times the length, and ribbed; skin creamy-buff and mottled; flesh is deep, of yellow color and good quality.	
KENTUCKY FIELD.35
Similar to Large Cheese. Pumpkins are large, of good quality and excellent for canning.	
KING OF THE MAMMOTH.85
The real giant among pumpkins and at the same time an excellent pie pumpkin. Both skin and flesh are of bright orange color. Pumpkins are round, flattened and ribbed. Weigh as much as 200 pounds.	
CUSHAW OR CROOKNECK (White)75
Pumpkins from two to four feet long, decided crooknecked; shell hard, creamy white; flesh yellow, solid and of fine quality.	
CUSHAW OR CROOKNECK (Striped)75
Same as above, except that the squashes have green stripes	

ASK FOR PRICES FOR LARGE QUANTITIES

EARLY TURNIP RADISH

RADISHES

Early Round Varieties

	Per lb
BARTELDES SPARKLER	\$.55
A rapid forcing variety. Roots round, upper half red and lower half white. Crisp and very attractive.	
CRIMSON GIANT GLOBE60
The largest of the early round varieties. Beautiful red color with pure white flesh which does not get pithy.	
ROSY GEM55
An early round red variety, with white tip. Crisp and tender.	
EARLY SCARLET TURNIP50
The standard early round red radish. Makes quick growth.	
EARLY SCARLET TURNIP, WHITE TIPPED55
A fine forcer. Similar to Scarlet Turnip but with white tip and smaller leaves.	
EARLY SCARLET GLOBE55
Round, slightly oval; rich, deep scarlet; flesh white and tender.	
NON PLUS ULTRA60
Round, medium size, with small top. Early, bright scarlet and one of the best forcers.	

Olive Shaped Varieties

FRENCH BREAKFAST50
Of oblong shape, small and quick growing; scarlet with white tip; good outdoors or indoors.	

ASK FOR PRICES FOR LARGE QUANTITIES

RADISHES—Continued

Long Varieties

	Per lb.
WHITE ICICLE	\$.50
The standard long white radish. Early, about 6 inches long and white throughout.	
BARTELDES GLASS60
A beautiful radish introduced by us. Radishes of pink color with white tip, of uniform size, crisp and brittle.	
EARLY LONG SCARLET, SHORT TOP50
The standard long red. Roots about 6 inches in length, uniform, smooth and tender; tops small.	
HALF LONG DEEP SCARLET50
Deep red color, of quick growth, half long and somewhat tapering.	
LONG BRIGHTEST SCARLET OR CARDINAL55
An early long radish, not quite as long as the Long Scarlet. Crisp, tender and a good forcer.	

GIANT WHITE STUTTGART

Summer Varieties

CHARTIERS OR SHEPHERD60
Long, rather thick, scarlet tipped with white. Matures a little later than other long red varieties.	
WHITE STRASBURG55
Skin and flesh white, firm and brittle: about five inches long and tapering.	
GIANT WHITE STUTTGART50
Clear white and very thick at the shoulder. About 4 inches long.	
LONG WHITE VIENNA OR LADY FINGER50
6 to 7 inches long, slender and tapering at the top. Sometimes tinged with green at the top. Early maturing.	

ASK FOR PRICES FOR LARGE QUANTITIES

RADISHES—Continued

Winter Varieties

	Per lb
WHITE CHINESE OR CELESTIAL	\$.60
A beautiful large white radish for fall and winter trade. Roots 6 to 8 inches long, thick, cylindrical and smooth.	
CHINA ROSE60
Roots 4 to 5 inches long, 2 inches thick, smooth, blunt at both ends, and of deep rose color. Flesh crisp, white and pungent.	
LONG BLACK SPANISH60
Hardy and one of the best for winter use. 8 inches long, 2 to 3 inches thick and almost black. Flesh white, crisp and pungent.	
ROUND BLACK SPANISH60
Similar to the above, except that roots are somewhat top-shaped and about 4 inches in diameter.

ROUND LEAVED SUMMER SPINACH

SPINACH

BLOOMSDALE SAVOY LEAVED, 10 lbs. \$2.2525
Early and hardy, but will go to seed quickly in hot weather. Lower leaves rounded, upper ones pointed, more or less crumpled; color deep green. Fine for market and canning.	
ROUND LEAVED SUMMER, 10 lbs. \$2.2525
Leaves thick, fleshy, bright green. Fine for spring.	
LONG STANDING25
Matures late. Plants flat, with broad arrow-shaped, nearly smooth dark green leaves.	
LARGE, ROUND, THICK-LEAVED VIROFLAY, 10 lbs. \$2.2525
Leaves are large, broad, thick and arrow-shaped; crumpled and dark green. A good canning variety, as leaves are upright and clean. For either spring or fall planting.	
PRICKLEY OR WINTER25
Leaves round, thick, dark green and medium-sized. Plants large, vigorous, late in maturing and long standing.	
NEW ZEALAND40
A distinct type. Plants very tall and spreading; leaves medium green, rather small and pointed; thrives in the hottest weather.	

ASK FOR SPECIAL PRICES FOR LARGE QUANTITIES.

HUBBARD

SQUASHES

Per lb.

EARLY WHITE BUSH (Cymling).....	\$.70
The common white Patty-pan Squash. About 8 inches in diameter, smooth, creamy white in color, flattened and scalloped.	
MAMMOTH WHITE BUSH70
10 to 12 inches in diameter; otherwise similar to the above.	
GOLDEN SUMMER CROOKNECK75
Squashes about 12 inches long, somewhat warted and of bright yellow color. Early, productive and of fine flavor.	
MAMMOTH SUMMER CROOKNECK80
Fruits about twice as large as the preceding. Very attractive and fine for market or home garden.	
GREGORY'S DELICIOUS85
A top-shaped squash of medium size; color dark green with some lighter green markings; flesh is very thick, dry, orange color, fine grained and of a sweet rich flavor.	
HUBBARD80
The standard winter squash. Fruits are large, somewhat warted, dark green with some lighter markings; flesh bright orange-colored, fine grained, thick and dry. A splendid keeper.	
WARTED HUBBARD80
Similar to the above but heavily warted and very dark green.	
GOLDEN HUBBARD80
Smaller than the Hubbard and of orange-red color. Moderately warted, a good keeper and of fine quality.	
SIBLEY OR PIKE'S PEAK80
Squashes are of large size, oval in shape but tapering toward the blossom end; skin smooth and of dark olive-green color; flesh golden yellow; a good keeper of good quality.	

TOBACCO

HAVANA	4.00
Fine stock from Havana.	
CONNECTICUT SEED LEAF	4.00
Hardy and adapted to the Middle and Northern States.	
MISSOURI BROAD LEAF	4.00
Splendid for cigar wrappers.	
WHITE BURLEY	3.00
Grown for the manufacture of fine-cut and plug.	

ASK FOR PRICES FOR LARGE QUANTITIES

KANSAS STANDARD TOMATO

TOMATOES

Per lb.
KANSAS STANDARD \$4.00

Potato leaved and one of the best for the Middle West. Fruits are of bright glossy red color, round, slightly flattened, ripening close to the stem, perfectly smooth, very few seeds, with firm and thick flesh which is of excellent flavor. Good keepers and produced in clusters of 4 to 5.

McGEE..... 3.00

BONNIE BEST..... 3.00

A very smooth, solid and uniform bright red Tomato. Has an abundance of foliage which protects the fruits from the hot sun. Matures in 100 days.

BEAUTY..... 2.50

A large main crop variety borne in clusters of 4 and 5. Very productive, and the Tomatoes ripen very uniformly.

CHALK'S EARLY JEWEL..... 2.25

A handsome very early bright red Tomato of fine flavor. Fruits are very meaty, have small seed cavities, not apt to crack, and have a remarkably sweet flavor.

STONE..... 2.00

The standard main crop variety for trucker and canners. Always productive. Fruits round, large, solid, smooth and of deep red color.

PONDEROSA..... 4.50

The largest Tomato. The immense fruits are solid, meaty and unsurpassed for slicing. Fruits are oblong, somewhat irregular in shape and of a deep purplish color.

ACME..... 2.25

An early Tomato of good quality, medium size, and slightly oval in shape. Flesh deep scarlet and solid.

DWARF CHAMPION..... 3.75

Plants are of the tree type, dwarf and compact. Fruits are purplish pink, smooth and symmetrical in form, with tough skin. Early and extremely productive.

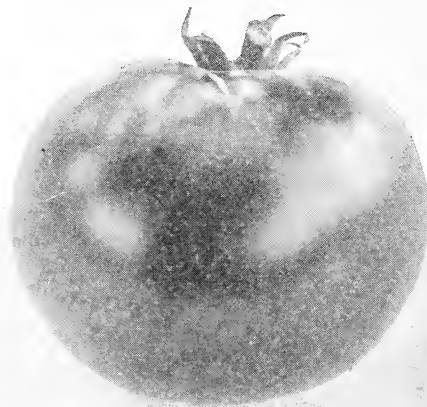

THE MATCHLESS..... 2.00

A good main crop and canning variety. Fruits of rich cardinal red color, free from core, large size and not liable to crack. Have tough skin and are splendid keepers.

TRUCKERS' FAVORITE..... 2.50

Smooth, somewhat flattened, thick-meated and very solid. Meat of fine flavor, equally good for cooking or slicing.

ASK FOR PRICES FOR LARGE QUANTITIES

KANORA TOMATO

Per lb
\$8.00

KANORA.....
A Wilt Resistant Variety originated by the Kansas Agricultural Experiment Station.

The Kanora is a good variety anywhere but is, of course, especially valuable for those regions which are infested with wilt. It is a mid-season or main crop tomato. Fruits are of medium size, bright scarlet, evenly colored, very deep and globular and smooth. The stem cavity is small. Fruits are firm with thick walls which make this variety an excellent canner and shipper. The heavy foliage prevents sun-scalding and cracking to a large extent. It yields heavily and continues to bear until frost. The Kansas Agricultural Experiment Station honored us by giving us the distribution of the Kanora Tomato and we offer seed which was grown from the original stock seed.

EARLY DETROIT..... 3.00

A large purple fruited, globe-shaped variety. Tomatoes are smooth, solid and mature early.

PARAGON..... 2.00

Main crop; productive; bright red and solid.

ATLANTIC PRIZE..... 2.00

A large, smooth, fine flavored, extra early variety.

PERFECTION..... 2.00

One of the standard early red varieties.

EARLIANA..... 2.25

One of the best among early bright red tomatoes. Fruits of good size, round, very smooth and solid, and produced in clusters in the center of the plant.

JUNE PINK..... Sold Out

The best extra early pink fruited variety. Very similar to Earliana, with the exception of the color of the fruit.

JOHN BAER..... 2.50

An early, productive, uniformly smooth, round and solid tomato. Fruits are red and of fine quality.

YELLOW AND SMALL FRUITED VARIETIES

GOLDEN QUEEN..... 4.50

A smooth, early, solid, golden yellow tomato of good size.

GOLDEN PONDEROSA..... 4.50

A very striking, large yellow tomato which is very similar to its parent the Red Ponderosa. Of fine flavor and very attractive when sliced.

RED CHERRY..... 4.00

About the shape and size of a very large cherry. For preserving and pickling.

YELLOW CHERRY..... 4.00

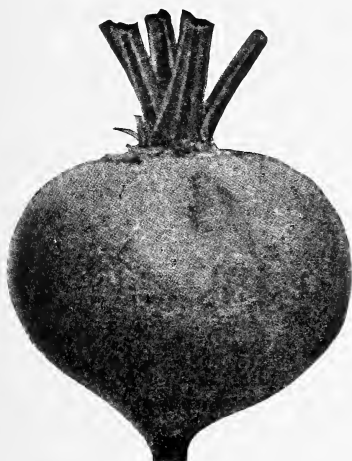

Same as above except in color

ASK FOR PRICES FOR LARGE QUANTITIES

SMALL FRUITED TOMATOES—Continued

	Per lb.
RED PLUM	\$4.00
Small plum shaped fruits of good quality and red color.	
YELLOW PLUM	4.00
Same as above except in color.	
RED PEAR	4.00
Fruits small, pear shaped and bright red.	
YELLOW PEAR	4.00
Same as above except in color.	
HUSK TOMATO OR GROUND CHERRY	4.50
The small yellow fruit is enclosed in a husk. Very sweet. Can be eaten raw, used in pies, or for preserves.	

TURNIPS

EXTRA EARLY PURPLE TOP MILAN ..	.50
The Milans are the earliest turnips. Bulbs are of medium size, flat and white with a purple top.	
EXTRA EARLY WHITE MILAN50
Like the Purple Top Milan except the roots are all white.	
EARLY WHITE EGG40
A quick growing egg shaped variety. Roots are smooth, pure white, growing half out of the ground, with small tops and rough leaves.	
EARLY WHITE FLAT DUTCH35
A very popular early, white turnip of medium size and fine quality.	
LARGE EARLY PURPLE (OR RED TOP) GLOBE40
One of the standard main crop varieties. Round, flesh white, fine grained and sweet; white below and purple or red above.	
PURPLE TOP STRAP LEAVED35
The standard in the middle west. Good for early or late planting. Turnips are flat, of medium size, white below and purple or dark red above ground. Flesh white, tender and fine grained.	
POMERANIAN WHITE GLOBE40
For stock feeding and table use. Very large often weighing 10 to 12 pounds. Globe shaped, slightly flattened; skin smooth and white.	
LARGE WHITE OR COW HORN40
Roots are shaped something like a carrot but generally crooked. 10 to 15 inches long and 2 to 3 inches in diameter. White with a dash of green at the top. Quality good.	

Yellow Varieties

AMBER GLOBE OR YELLOW STRAP LEAVED40
Large, hardy, and a good keeper. Flesh yellow, fine grained and sweet; skin yellow with green top. Very productive.	
GOLDEN BALL OR ORANGE JELLY40
An excellent yellow fleshed turnip. Roots medium size, round, smooth and deep yellow; flesh crisp and firm.	
YELLOW ABERDEEN OR SCOTCH YELLOW40
A late and long keeper. Roots medium size, round, yellow with purple top; flesh sweet and tender	
SEVEN TOP60
A distinct variety cultivated for the tops which are used for greens. Used principally in the south where they make greens very quickly.	

ASK FOR PRICES FOR LARGE QUANTITIES

RUTA BAGA OR SWEDISH TURNIPS

PURPLE TOP YELLOW RUTABAGA..... Per lb \$.40
Hardy and very productive. Roots slightly oblong but terminating abruptly with no side roots; flesh very solid, sweet and well flavored; color bright yellow below and deep purple above ground, leaves small and light green.

SWEET GERMAN..... .40
Flesh white, hard and firm, apt to be too hard in the early fall but mellow by keeping. Must be sown earlier than the flat turnips.

NASTURTIUMS

TALL MIXED..... .50
Usually used for arbor or trellis planting, but do equally well for mass planting without supports. On a trellis they will grow to a height of 6 to 10 feet.

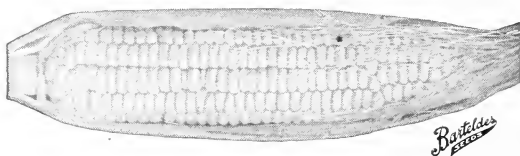

DWARF MIXED..... .60
Excellent for borders, along paths, and for pot culture. They grow to be about a foot high and are in constant bloom

SWEET PEAS

EARLY FLOWERING SPENCER MIXED..... 2.75
For greenhouse and outdoor culture. Bloom fully four weeks earlier than the standard Spencers.

SPENCER MIXED..... 1.00
Flowers of immense size, and beautifully waved and crimped.

ECKFORD'S MIXED..... .55
The standard Sweet Peas.

THERE IS A GOOD PROFIT IN SELLING NURSERY STOCK

You need not carry this in stock. Just book the orders and send them to us. We will pack each order separately so all you need do is to hand the bundle to your customer and collect the money, or we can ship direct to your customers.

Nursery salesmen are travelling the country and booking orders in your territory. With a little effort you can get some of this yourself.

SEEDS

DU PONT SEMESAN

Makes Seeds Healthy

Dealers—Here is a
New Source of **REAL
PROFIT!**

THE SEMESAN Disinfectants have forged into prominence because of their remarkable properties for preventing and controlling effectively a most diversified variety of parasitic diseases and fungoid growths borne by seeds, bulbs and other types of seed pieces, plants and grafts, as well as many of those which infest the soils.

They consist of Semesan, a seed and plant disinfectant for practically all agricultural purposes; Semesan Jr., an easily applied dust treatment for controlling the common diseases of field and sweet corn; and Semesan Bel, an instantaneous dip disinfectant for preventing and controlling the seed borne diseases of white and sweet potatoes, as well as other similar tubers and roots.

An exceptionally complete merchandising service is offered to dealers handling the Semesan Disinfectants. Ask for Proposition Book.

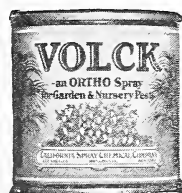

COUNTER DISPLAY

Prices and Discounts

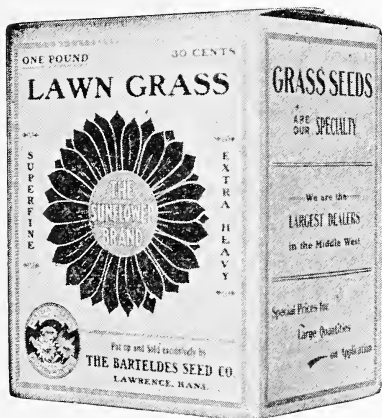

Upon request we shall gladly mail bona fide dealers a schedule showing retail prices and dealers' discounts in complete detail, as well as an outline of the supporting advertising campaign and selling aids.

VOLCK The New Scientific Spray for Garden, Orchard and Greenhouse Pests

Volck is one of the most powerful insecticides known. It is a contact spray and wonderfully effective on red spider, mites, thrips, mealy bugs, scales, white flies, codling moth, caterpillars and leaf rollers. Let us send you a circular giving full information.

The Improved Soil Inoculator, Nobbe-Hiltner Process

Restores and Maintains Soil Fertility

In Sowing Alfalfa,
Clovers, Vetch, Peas,
Beans, Peanuts and
Other Legumes Use

It Increases the Yield
and Enriches the Soil

Alfalfa, clovers, soybeans, vetches, peas, beans, cowpeas, peanuts and other legumes should always be inoculated with Nitragin. The lack of necessary bacteria in the soil is often the cause of a poor legume crop—a weak start—or a total failure.

A GREAT PRICE REDUCTION

NITRAGIN Costs Less

Nitragin now comes in Bushel sizes instead of acre sizes. This means that it costs you less per acre. If you sow 12 pounds of clover seed to the acre it will cost you 20 cents per acre for your Nitragin. It means that.

Your Dollars Go Further With NITRAGIN

Nitragin is an old, reliable inoculator. At the low price of 20 to 33 cents per acre you cannot afford to sow legumes without it. Nitragin is put up in the modern ventilated package; in a rich, soil-like packing medium. The contents are always fresh, living bacteria to feed your plants. Easy to use.

EVERY GARDEN NEEDS NITRAGIN

McQueen's Inoculator has a marvelous record—because it is field bred and farm grown, making it virile, kicking and ready to go. It makes poor land good—good land rich. It is "Nature's Easy Way" of enriching the soil and making greater crops—not only of legumes but of

the following crops. McQueen's Inoculator is backed up by a strong guarantee. This is for your protection. You are the judge of results.

GUARANTEE

Use as many packages of McQueen's Inoculator as you wish, according to directions. If nodules do not appear in a satisfactory manner, we will refund the entire purchase price.

ADJUSTO PLANT SUPPORT

Here is the simplest, strongest and most efficient plant support we have ever seen.

The stake is of hardwood painted green, and if repainted every season it will last for years. The heavy spring wire is also painted green and it will not rust.

It is instantly adjusted to any height and can be adjusted as the plant grows without disturbing the plant. It is indispensable for Tomatoes, Roses, Paeonies, Dahlias, Hydrangeas, Carnations, and any other plant needing support.

CONKEY'S

Remedies and Disinfectants

CONKEY'S NOX THE NEW SOLIDIFIED DISINFECTANT AND STOCK DIP

Here at last is a high-grade disinfectant in solid form. A little cube—only an inch square—mixed in water makes a gallon of dip or disinfectant with a co-efficient of 5.25 making it 2 to 3 times as strong as most coal-tar disinfectants.

No fuss and bother with heavy, leaky cans and steel drums. No waste, no guessing as to mixture. A saving on freight and packing charges.

CONKEY'S

THE ORIGINAL

Buttermilk Starting Feed

RAISES HUSKY CHICKS

A Ready Prepared Mash for baby chicks and all self-feeding young fowls. This remarkable feed—originated by Conkey and prepared through processes controlled and used exclusively by Conkey is a complete ration—containing all the elements needed for safely starting baby chicks, ducklings, goslings, poults, guineas, pheasants, etc.

GUARANTEED ANALYSIS

Crude Protein, 12%; Crude Fibre, 4%; Crude Fat, 3%; Nitrogen Free Extract, 56%; Carbohydrates, 60%.

Ingredients

Semi-Solid Buttermilk, pinhead oatmeal, a special wheat middlings, whole corn meal, corn feed meal and granulated bone.

There is a wonderful demand for this feed. It sells quickly at a good profit and your customers will always come back for more.

For prices please see the yellow list.

CARBOLA

CARBOLA SELLS AT ALL TIMES

of the year not only because it is an every-day want, but because it makes it easier to do work that must be done. It saves time, labor and money and gives far better results than can be had from the old-fashioned use of whitewash and disinfectants.

BETTER THAN WHITEWASH

CARBOLA is a white paint in powder form combined with a disinfectant twenty times stronger than carbolic acid. It is ready to use as soon as mixed with water—no waiting or straining.

Carbola will not clog the sprayer. It does not blister, flake or peel off. It dries out white with a smooth finish. It doesn't spoil by standing, even after it is mixed with water. It paints and disinfects at one operation and is recommended for use in poultry houses, stables, cellars, dog kennels, hog pens, dairies, garages and out-buildings.
